# What we offer

## Contact your nearest Blindtex retailer

If there's a Blindtex retailer in your area, then call in to see the wide range of window blinds, styles and fabrics we have on display. Otherwise, you can make an appointment for Blindtex to come to your home by completing the online form or by calling your nearest retailer.

TIP: the more information you can give us about how and where the blinds will be used, the better.

## Blindtex comes to your home

Our expert consultants will come to your home to discuss your requirements. They will listen to your needs and how the window covering will be used. For example, they will consider factors such as security, safety, blackout, heat saving, heat loss and shading.

TIP: most customers aren't aware of the full range of window blinds, Curtains and shutters Blindtex has available. In a lot of cases, the products our experts may suggest are different to what customers originally had in mind.

## Recieve a free, no-obligation quote

Our local experts will measure each window or recess and then advise on the best solution from the extensive Blindtex range to suggest the perfect window coverings. They will then produce a quote and tell you about what happens next when you order our blinds. This will include delivery, installation and validate the guarantee on your made-to-measure window blinds.

TIP: ask our experts about the aftercare service they provide - not all window blinds companies provide the peace of mind that comes with our high level of aftersales care and our a lifetime guarantee.

# SHUTTERS

## Child Safe by Design

Whether your windows are in an ultra-modern apartment or period-style home, the addition of shutters with their timeless charm will transform your room into something truly special.

Unlike any other window dressings on the market, shutters give you full control over light and privacy so you don't have to compromise on either. Shutters more than any other type of blinds help reduce high or low temperatures as they have great insulating properties, keeping your home comfortable and quiet on the inside whatever the conditions outside.
